

Technology Careers at Allstate

Technology helps drive Allstate.

As one of the nation's largest insurance companies, with 70,000 professionals working each day to help protect 17 million households, our success relies heavily on our IT team. We currently employ a diverse group of more than 4,000 IT people who design, implement and maintain technology solutions that help keep us up and running today and give us a competitive edge for tomorrow.

Calling all IT thinkers and innovators.

We're looking to enhance our IT department with the hands and minds of the right people. We need people who can:

- Help us develop and maintain the efficient and user-friendly functionalities of allstate.com and other Web sites
- Work on systems that make it easier to communicate and conduct business with agents

- Anticipate and deliver innovative, cost-effective solutions to help us work smarter, faster and more effectively
- Solve problems together as a team, make decisions and take action
- Remain focused and driven to help us better help our customers

Our size, and the scale and the complexity of our technology allow us to offer a range of job opportunities and career paths for IT professionals, both within IT and the business areas.

Technology Careers at Allstate *(Continued)*

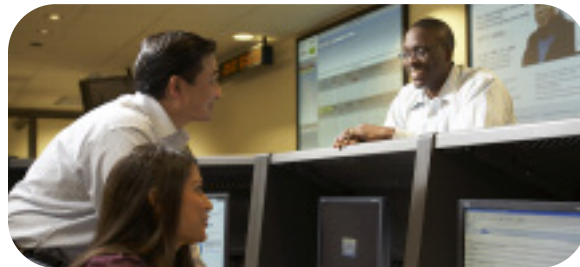

Discover your potential within one of four technology groups.

Enterprise Technology supports Allstate's home office and workplaces nationwide by ensuring that servers, computer networks, workstations and backup solutions function properly.

Financial Technology supports Allstate Financial's products and services, such as life insurance, annuity and financial planning, retirement planning, Allstate Bank and investment products.

Investments Technology supports Allstate Investment's department functions and processes, such as pricing and performance, accounting and reporting, analysis applications, market data tools and securities training.

Protection Technology supports Allstate Protection's products and services, such as property and casualty insurance for owners of homes, condos, cars, trucks, motorcycles and more.
