

Procurement Careers at Allstate

Providing Allstate with effective sourcing and procurement solutions.

As one of the nation's largest insurance companies, with 70,000 professionals working each day to help protect 17 million households, Allstate relies on its innovative Sourcing and Procurement Solutions team to help keep our business running and provide a competitive edge.

The energetic, resourceful individuals on our team work in a high-performance environment. They source, negotiate with, and manage a wide variety of suppliers while interacting with leaders across the enterprise.

Have these skills? Let's talk.

We're looking to enhance our team with the hands and minds of the right people. We need people who can:

- Interact with external suppliers and internal customers in a professional manner
- Anticipate and deliver innovative, cost-effective solutions to help us purchase commodities and services smarter, faster and more effectively
- Solve problems together as a team, make decisions and take action
- Remain focused and driven to help us better help our customers

We offer a range of job opportunities and career paths for Procurement professionals seeking challenging and interesting work.

GOOD WORK.
GOOD LIFE.
GOOD HANDS®.

Procurement Careers at Allstate *(Continued)*

Discover your potential within one of our Sourcing and Procurement Solutions teams.

Claims Services is responsible for strategic sourcing and supplier management of all claim-related commodities and services. These customer focused initiatives span the claim process — from the first notice of a loss to the resolution of a home or automobile claim.

Enterprise Services manages supply chains that enable Allstate Business Operations. This includes company-wide products and services including facility services, travel, furniture, postage and office supplies.

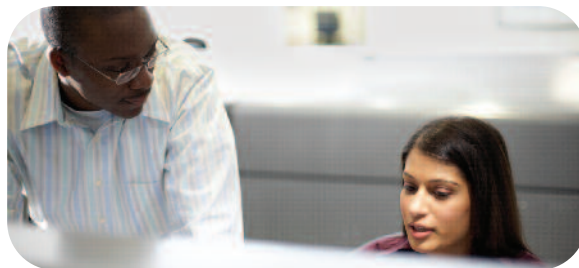

Procurement Support and Technology accountabilities include expense planning and budgeting, benchmarking, financial analysis, measurement, company/corporate analysis, recruiting and web design. This group also develops and communicates new procurement technologies.

Professional Services manages the sourcing of strategic service areas, such as management consulting, marketing/advertising, legal, public relations and employee welfare/benefits.

Supplier Diversity ensures inclusion of minority- and women-owned businesses in the competitive bidding process in support of our commitment to provide quality products and services to our customers while delivering outstanding value to our shareholders.

Technology and Operations Services is responsible for sourcing and supplier management initiatives for hardware, software, IT consulting, IT staff augmentation, telecom, data acquisition, call centers and leasing.

World Wide Sourcing consults with various Allstate areas of responsibility to help improve effectiveness and efficiency by engaging high-quality, cost-effective resources from strategic partners worldwide.

We hire:

Supply Chain Professionals
Financial Analysts
Procurement Support Professionals

Procurement Technology Specialists
Summer Interns
