

# Allstate in Missouri

*For over 75 years, Allstate has been a champion of business and social initiatives to help improve the quality of life for Americans.*

We help protect people in times of loss and help them prepare for a financially secure future.

Allstate is also an integral part of the communities in which it does business. We're committed to building strong partnerships in the communities we serve, by providing financial support for specific programs, through individual grants, or through the volunteer efforts of our exclusive agents and employees. Right here in Missouri our Foundation grants, corporate investments, supplier contracts, jobs and taxes paid in 2005 helped build stronger communities and fuel local economies.

Of course none of this would have been possible without the hard work and dedication of our people. And for countless Allstate employees and agents, "You're in Good Hands® with Allstate" is more than a company slogan; it's a way of life.

We take great pride in the programs we've helped put in place in Missouri. Programs funded by The Allstate Foundation teach the value of diversity to our children, provide safety programs, and help individuals and families with financial literacy programs.

In Missouri and in states across the country, Allstate is committed to strengthening our communities, protecting our customers, providing a great place to work and operating our business with integrity. That's our stand.
